

Continuing Education Credits
35th Kentucky Mineral Law Conference
October 13-15, 2010
Morgantown, West Virginia

All states require attendees to complete a certificate or affidavit of attendance for each state in which they wish to claim credit. These have been provided in your registration envelope. Please complete the appropriate certificates and return them to the registration desk at the conclusion of the conference. The Foundation will forward the Certificates to the correct state organizations. Although Illinois, California and New York are self-reporting states, EMLF is required to keep copies of the attendance certificates for those states, as are the attorneys. ***There should be two Certificates of Attendance in your registration envelope if you are reporting to Illinois, California, Missouri or New York. After completing both of them, please turn in one to EMLF and keep the other attendance certificate for your files.*** Additional certificates are available at the registration desk.
