

The Energy & Mineral Law Foundation is a national nonprofit educational organization which fosters the study of the laws and regulations related to natural resource development and energy use. The Foundation is an Accredited Provider of Mandatory Continuing Legal Education programs, AAPL and other professional recertification credits, and provides opportunities for professional development through committee participation, program planning, public speaking and publishing of original work. We invite you to join the Energy & Mineral Law Foundation and support its goals:

- Achieve continued excellence in natural resources and energy law education;
- Expand the field of individuals and corporations who identify the Foundation as a primary focus for their participation in natural resources and energy education, dialogue and dissemination of information;
- Support the scholarly development of natural resources and energy law through grants, awards, and scholarships for law students, law teaching, and scholarly writing; and
- Promote high standards of integrity and professionalism and encourage collegial relations among legal practitioners and professionals in the natural resources and energy sectors.

Membership benefits include substantial discounts on registration fees, free copy of the annual publication Energy & Mineral Law Institute, access to the members-only section of the EMLF website, free Membership Directory and an online listing with an optional link to your firm bio on the Foundation's website. Associate Members receive the above benefits except the Energy & Mineral Law Institute publication, available by subscription.
