Peter D. Robertson

Peter Robertson, a partner in the Washington, D.C. office of Crowell & Moring LLP, assists corporations, governmental entities, non-profit organizations and others who seek to work with Congress and the executive branch to resolve environmental and other public policy matters. Mr. Robertson's work ranges from lobbying on appropriations and substantive environmental legislation to negotiating settlements of environmental enforcement matters or negotiating novel agreements with the Environmental Protection Agency and Department of Justice on regulatory or other issues.

Mr. Robertson's extensive experience in the public and private environmental and public policy sectors includes having served as acting Deputy Administrator and Chief of Staff of the U.S. Environmental Protection Agency during the Clinton Administration. As Deputy Administrator, Mr. Robertson served as the chief operating officer for the EPA and his responsibilities included directing the regulatory agenda and implementing the Agency's budget. He also provided policy guidance to the Agency and served as a liaison between the Agency and all stakeholders, including regulated entities, state and local governments, environmental organizations and others. Additionally, Mr. Robertson served as a member of the President's Management Council. As Chief of Staff, Mr. Robertson operated as the principal policy and political advisor to EPA Administrator Carol M. Browner, where he assisted on all facets of operating the EPA, managing more than 17,000 employees and a budget of \$7 billion. Prior to his tenure as chief of staff, Mr. Robertson was EPA's Deputy Assistant Administrator for Solid Waste and Emergency Response.

Before joining the EPA, Mr. Robertson was in private law practice as a public policy and environmental attorney. He helped design and implement legislative strategy for clients on bills as diverse as the Clean Air Act Amendments of 1990 and Superfund reauthorization, and he worked to influence regulatory policy that EPA developed to implement its authorizing statutes. Mr. Robertson has also been involved in legislative, administrative or judicial proceedings arising under CERCLA, the Clean Water Act, the Clean Air Act, RCRA, NEPA, the Oil Pollution Act, and others. His public policy work outside the environmental arena is diverse as he has represented interests as wide ranging as municipal governments and financial services clients before Congress and the executive branch.

Previous to his tenure in the private sector, Mr. Robertson served for more than six years on Capitol Hill in various roles, including as a professional staff member to the Committee on the Budget of the U.S. House of Representatives and as legislative assistant to Representative James R. Jones (D-OK). Mr. Robertson received his J.D. from Georgetown University Law Center (1987 – *cum laude*) and his B.A. from the University of Oklahoma (1978 – with distinction). Chet M. Thompson

Chet M. Thompson is a partner in the Washington, D.C. office of Crowell and Moring and a member of the firm's Environment & Natural Resources Group. Chet is the former deputy general counsel and associate deputy general counsel of the U.S. Environmental Protection Agency (EPA), positions he held between 2004 and 2006. His practice includes counseling, litigation, and regulatory and legislative representation of a wide array of clients under the major environmental statutes, including the Clean Air Act (CAA), the Resource Conservation and Recovery Act (RCRA), and the Comprehensive Environmental Response, Compensation, Liability, and Recovery Act (CERCLA).

As EPA's deputy general counsel, Chet provided legal advice to the EPA administrator, the general counsel, and various program offices, particularly the office of air and radiation (OAR), the office of enforcement and compliance assurance (OECA), and the office of solid waste (OSW). During his tenure, Chet oversaw the agency's air and radiation law office and the legal aspects of many of the Bush Administration's hallmark CAA initiatives, including off-road engine and low-sulfur diesel standards, the Clean Air Interstate Rule (CAIR), the Clean Air Mercury Rule (CAMR), New Source Review (NSR) reforms, designations and implementation of the revised national ambient air quality standards (NAAQS) for ozone and particulate matter, and implementation of the CAA's residual risk program. He also supervised the agency's legal defense and appellate dockets and the day-to-day legal support of EPA's CAA title V, New Source Performance Standards (NSPS), NSR, and prevention of significant deterioration (PSD) programs. Additionally, Chet provided legal counseling on a number of energy issues, including permitting of oil and gas exploration and processing plants, coal-fired power plants, and liquefied natural gas (LNG) facilities. Chet also supervised the agency's solid waste and emergency response law office, which provides legal support for CERCLA and RCRA issues. He was the United States' lead negotiator in multi-year negotiations that culminated in a landmark settlement with a Canadian mining company over the extraterritorial application of CERCLA and liability associated with the historic contamination of the Upper Columbia River in Washington State. The settlement guaranteed full-funding for a comprehensive, multi-year study of human health and ecological risks at the site and avoided years of protracted litigation between the United States and Canada that could have had negative ramifications for U.S. industries.

Prior to joining EPA, Chet was a partner in the environmental practice group of another major D.C. law firm. He represented trade associations and companies in the steel, nonferrous metals, petroleum, and forest and paper industries on a number of CAA and RCRA regulatory and litigation matters. Chet received a B.A. in Political Science, *cum laude*, from Boston College in 1990, and his J.D. from Catholic University, the Columbus School of Law in 1993, graduating in the top five percent of his class. He is admitted to the bars of the District of Columbia and Maryland.

Allison D. Wood

Ms. Wood is a partner in the Washington D.C. office of Hunton & Williams LLP. Her practice focuses on environmental and administrative law, with an emphasis on air issues, including global climate change, emissions trading, and the establishment and implementation of national ambient air quality standards. She has experience in appellate and district court litigation, agency rulemakings, compliance advice, and legislative representation. Representative clients include companies and trade associations in the electric generation industry, manufacturing industries, and transportation and land development industries.

Ms. Wood has represented the electric power industry in the Supreme Court and the D.C. Circuit in a landmark case involving whether EPA has authority under the Clean Air Act to regulate greenhouse gas emissions to address global climate change. She has defended companies in the district court and court of appeals from tort suits alleging that carbon dioxide emissions from the companies' normal business operations contribute to the "nuisance" of global climate change. She has represented the electric utility industry in a challenge pending in the D.C. Circuit regarding whether EPA should have set a carbon dioxide new source performance standard for petroleum refineries. Prior to joining Hunton & Williams, Ms. Wood was an Associate with Kelley Drye & Warren from 1998-99. She was Editor-in-Chief of *The Environmental Lawyer*, 1997-98 and Publications Chair for the Moot Court Board, 1997-98. Ms. Wood is a Member of the District of Columbia and Virginia State Bars and the American Bar Association. She is Vice Chair of the Board of Directors, Environmental Markets Association. She is admitted to practice before the following courts: U.S. Supreme Court, U.S. Courts of Appeals for the Second, Fourth, and D.C. Circuits, U.S. District Court for the District of Columbia, U.S. District Court for the Eastern District of Virginia. Ms. Wood received her J.D. from George Washington University Law School, with honors in 1998 and her B.S. from California State University, Northridge in 1993.
