Keith J. Coyle
Van Ness Feldman LLP

Keith Coyle is Of Counsel at Van Ness Feldman, where his practice focuses primarily on the regulation of pipelines and liquefied natural gas facilities and the transportation of hazardous materials. He previously worked as an associate at Babst Calland, a law firm in Pittsburgh, Pennsylvania, that represents oil and gas clients in the Marcellus and Utica regions on a variety of energy issues.

Before entering private practice, Keith served as an Attorney-Advisor for the U.S. Department of Transportation's Pipeline and Hazardous Materials Safety Administration (PHMSA), where he handled matters related to the federal safety standards for oil and gas pipelines and LNG facilities. He then served as Legislative Counsel for Congressman Kevin Brady, where he focused on energy, natural resources, and environmental issues.

Keith is a member of the Marcellus Shale Coalition's Pipeline and Midstream Committee, where he leads the Pipeline Safety and Compliance Working Group. He is also Chairman of the Energy Bar Association's Compliance and Enforcement Committee and is a member of the Oil Pipelines Committee of the American Bar Association's Section on Public Utility, Communications and Transportation Law.

James B. Curry
Van Ness Feldman, LLP

Jim Curry represents clients in pipeline safety matters before the Pipeline and Hazardous Materials Safety Administration (PHMSA), state commissions and the federal courts. His practice covers compliance and strategic counseling, enforcement, litigation, appeals, audit preparation and policy matters. Mr. Curry has experience in all sectors of the pipeline industry, including gas transmission, gathering and distribution, oil, NGL and products pipelines, and LNG facilities. He also counsels clients on Federal Energy Regulatory Commission (FERC) pipeline infrastructure cost recovery issues and PHMSA hazardous materials safety matters.

As a former PHMSA attorney, Mr. Curry represented the agency in pipeline safety enforcement cases, collaborating with engineers to develop notices of probable violation and corrective action orders. He also served as a presiding official at agency hearings, and prepared recommended final orders and decisions on petitions for reconsideration. In his enforcement role, Mr. Curry worked extensively with the U.S. DOJ and the U.S. EPA on complex pipeline litigation involving claims under the Pipeline Safety Act, Clean Water Act, and Clean Air Act. These efforts led to a significant civil Consent Decree addressing crude oil pipelines on Alaska's North Slope. At PHMSA, Mr. Curry was also involved in rulemakings, regulatory interpretations, special permit reviews, and legislative matters. Today, Mr. Curry uses that experience to help firm clients navigate the changing legal landscape of pipeline safety.

Mr. Curry is a graduate of Boston University and holds a law degree from the Seton Hall University School of Law.

Michael L. Krancer, Luncheon Speaker
Blank Rome LLP

Michael Krancer is an experienced and well-known policy and substantive thought leader in energy development and deployment. He is an experienced and valued advisor to U.S. and global energy companies of all types regarding the full range of legal, public policy, government relations, state and federal regulatory, financial, corporate, and labor matters with his 20+ years of energy industry and public policy experience at the highest corporate and policy-making levels.

Prior to rejoining Blank Rome, Mr. Krancer served as Secretary of the Pennsylvania Department of Environmental Protection (DEP) under Governor Tom Corbett. During his tenure, Mr. Krancer oversaw the environmentally responsible development of shale natural gas in Pennsylvania and was a key member of the Governor's team that attracted new and environmentally sensitive economic development to the Commonwealth.

Mr. Krancer was a litigation partner with Blank Rome from 1992 to 1999. He also served as Judge and Chief Judge and Chairman of Pennsylvania's Environmental Hearing Board (EHB), the state-wide trial/appellate court for environmental matters involving appeals from actions of the DEP, and he was Assistant General Counsel to Exelon Corporation, one of the nation's largest competitive energy providers and parent of three different utility companies. At Exelon he was responsible for environmental health and safety matters, as well as energy policy development and government relations for the company.

As a prominent and popular speaker and writer, Mr. Krancer is widely recognized for his practical thought leadership on a wide range of energy policy issues, including the emerging, global geopolitical importance of Pennsylvania shale gas and energy resources; federal and state regulation of shale gas extraction, LNG export potential and the future of America's energy revolution.

Mr. Krancer received his B.A., with distinction from the University of Virginia and his J.D., *summa cum laude*, from Washington & Lee School of Law. He is licensed to practice law in Pennsylvania and New Jersey.

Brooks M. Smith
Troutman Sanders LLP

Brooks Smith is a partner in the environmental and natural resources practice at Troutman Sanders LLP, an international law firm with offices located throughout the United States and Asia. Brooks is responsible for leading a number of the firm's strategic initiatives, including energy, water, compliance assurance, environmental markets and sustainability. Brooks has particular skills and experience with permitting under the Clean Water Act (CWA), and consultations under the Endangered Species Act (ESA), the National Environmental Policy Act (NEPA) and the National Historic Preservation Act (NHPA). Over the past decade, Brooks has become increasingly involved in large-scale energy projects in general, and linear transmission and distribution infrastructure in particular. By way of example, in 2012, Brooks successfully settled the electric utility industry's challenge to EPA regulations that would have imposed unreasonable and likely unachievable water-related compliance requirements on the construction and development of energy corridors. Brooks represents a number of coal and energy clients, and currently serves as lead outside environmental counsel for an interstate natural gas pipeline project designed to deliver natural gas from supply areas in WV/PA to demand areas in the southeastern United States.

Brooks has been recognized as a leading environmental lawyer by both *Chambers USA* and *Best Lawyers*. He was also just named to the inaugural list of 50 Energy & Environmental Trailblazers by the *National Law Journal*. He received his J.D. from Vermont Law School, *cum laude*, and his B.A. from the University of Richmond.

George W. Kelly
Chief Markets Officer
Resource Environmental Solutions

Mr. Kelly is a graduate of Tulane University (B.A.) and a *cum laude* J.D. and M.S.L. (Masters in Environmental Law) graduate of the Vermont Law School. As the Chief Markets Officer for Resource Environmental Solutions, he has permitted and sold over \$100m of environmental credits in the United States relating to wetlands, streams, endangered species and water quality. He has worked with numerous resource agencies, landowners, municipalities, investors and private and public credit buyers in the implementation of mitigation projects. He has worked on resource mitigation projects and negotiated and implemented mitigation banking instruments in Idaho, Montana, Maryland, Virginia, West Virginia, Pennsylvania, North and South Carolina, Georgia, Texas, Louisiana, California and Florida as well as drafted and negotiated land deals with over 100 landowners for resource mitigation projects. He has been a leader in promoting new polices at the federal, state and international levels relating to market-based solutions to achieve environmental objectives, including working on the recently promulgated U.S. wetland mitigation rules enacted in June 2008. He also served in an advisory role to Canada, Columbia, Chile, the United Kingdom, Scotland and the European Union on how best to achieve no net loss of resources through effective offset policies.

Mr. Kelly served on the Board for almost ten years and was elected as the President of the National Mitigation Banking Association (US) in 2009. Additionally, he was appointed to serve on the Business and Biodiversity Offsets Program (BBOP), the EPA Chesapeake Bay Program Nutrient Trading Task Force, the Advisory Committee to the Water Quality Fund for the Chesapeake Bay, the National Water Quality Trading Alliance.

Prior to joining RES in 2014, Mr. Kelly was the founder and director for Environmental Banc & Exchange, LLC from 1997 to 2014. In addition, he served as partner and member of the Environmental Law Group at the firm, Ober, Kaler, Grimes and Shriver from 1987 to 1997.
